Information listed below must be discussed with the staff/adoption counselor.
Please check as discussed

- The adoption fee is \$99.00 for kittens and \$70.00 for cats. Special Rate \$ _____
Special rates may apply for event or VIP pets.
- All pets adopted from the GIHS must be paid or neutered as required by law.
- The GIHS **cannot** guarantee the health of any animal available for adoption.
- The GIHS **will not** reimburse you for any veterinary cost that you incur after the adoption.
- Your new pet has received vaccinations and a basic dewormer. If / when your pet is 3 months of age or older, it must receive a rabies vaccination from a veterinarian. Consult your veterinarian for additional medical needs which are your responsibility.
- If your current pet(s) is not fully vaccinated you may consider separating your new pet for up to 14 days to protect them from any possible exposure to unknown illness. Consult your veterinarian with concerns.
- You may bring the animal back for an exchange within 14 days for health reasons for a major personality / adjustment conflict only. A one month voucher will be given if a new pet is not available.
- Since most pets at the shelter do not come with a history, you agree to provide love, patience, and training to make them a member of your family.
- Due to costs the GIHS is not able to test all cats for feline leukemia, you may request this test for an additional \$20 fee.
- Please realize that cats live over 15 years. Are you willing to assume responsibility for that long?
- Please be sure to read all information that is supplied to you at the time of adoption.

I certify that the above information is correct and was covered with a GIHS Staff member or volunteer and I understand and assume the responsibility for adopting a pet.

By signing this document, I Understand and agree to comply with the above items.

_____ **Adopters Signature** _____ **Date**
